

## CAT6 UTP BULK ETHERNET CABLE

|              |                                                         |
|--------------|---------------------------------------------------------|
| MODEL NUMBER | 909886                                                  |
| CATEGORY     | CAT6 U/UTP (Unshielded)                                 |
| AWG GAUGE    | 23 AWG, Solid                                           |
| CONDUCTOR    | CCA - Copper Clad Aluminum                              |
| CONSTRUCTION | 4 Twisted Pairs, Ripcord,<br>Pair Separator Spine       |
| JACKET       | PVC                                                     |
| BANDWIDTH    | Up to 550 MHz                                           |
| DATA SPEED   | Up to 10 Gbps                                           |
| LENGTH       | 1000 FT                                                 |
| PACKAGING    | Pull Box, Tangle-Free, Foot Marked                      |
| COLORS       | White, Blue, Orange, Gray,<br>Black, Red, Green, Yellow |

## FEATURES & BENEFITS

- 23 AWG solid conductors in 4 unshielded twisted pairs.
- Pair separator spine helps keep pairs in position.
- Built-in ripcord for quick, easy jacket stripping.
- Supports data speeds up to 10 Gbps and bandwidth up to 550 MHz.
- Durable PVC jacket.
- Tangle-free pull box with foot-marked jacket for easy measuring.
- Available in White, Blue, Orange, Gray, Black, Red, Green and Yellow.
